

DUTCH OFFER TO INTERFERE AT CORN

A HUGE AIRSHIP BEING BUILT IN ENGLAND FOR U.S. NAVY. The R-38, similar to the huge British airships which have crossed the Atlantic and made other sensational flights, being built at Bedford, England. It has been purchased by the United States Government for Uncle Sam's navy. On the right is seen the partly-finished R-37.

Holland Prepared to Intern Ex-Kaiser

(A. P. Special Cable.) The Hague, Feb. 16.—(By the Associated Press)—The latest Allied note to Holland with regard to extradition of the former German Emperor reverses the original demand for his surrender, and only asks his internment, with the suggestion that the former German monarch be sent, perhaps, to one of the Dutch islands in the East Indies, it became known to-day.

The Associated Press learns on excellent authority that the Dutch Government has already determined to reply with an offer to actually intern Wilhelm at Doorn. Holland would accept the full responsibility of preventing him from endangering the peace of the world over him, and a strict censorship.

THIS BAYS EAST INDIES. (Canadian Press Wire.) Calgary, Feb. 16.—On his way to the Dutch East Indies, ostensibly to become a planter, but in reality, it is believed, to prepare a future home there for the ex-Kaiser, Count Jan Tassie Erasmus of the Dutch diplomatic service, and a nephew of Count Hohenhausen, the Kaiser's present host in Holland, passed through the city this evening on his way west. The only statement he would make was that he was buying a plantation, but in view of the fact that he was engaged on important mission by the Dutch Government during the war, it is believed that he has been sent to buy the ex-Kaiser's future home. Hohenhausen decided to exile the ex-Kaiser, on pressure from the Allies.

REJECT WILSON'S PROTEST ON ADRIATIC SETTLEMENT

British and French Premiers Said to Have Decided to Stand by Compromise Tell of Italy's Struggle for World Freedom, And Her Sacrifices

(A. P. Special Cable.) Paris, Feb. 16.—Prompt rejection of President Wilson's objections to the compromise agreement by which England, France and Italy hoped to settle with Jugoslavia questions relative to the future status of the eastern coast of the Adriatic, is reported in the Echo de Paris. Premiers Lloyd George, of Great Britain, and Millerand, of France, drafted the reply to the American chief executive, and insisted Jugoslavia must agree to the compromise, with the alternative of seeing the treaty of London become operative, it is said.

At the same time the Premier's reply was sent to Washington, the Foreign Minister of Jugoslavia was notified that the viewpoint of the British and French Governments had not been altered by the seemingly unexpected action of Mr. Wilson.

Contents of the Wilson note have not been made public here. He is said, however, to have given intimation in the United States would "find it impossible to continue to concern itself in European affairs" if the Allies proceeded to settlement of the Adriatic problem without consulting the United States.

It is said the President entered serious objections to the ultimatum sent to the Belgrade Government on Jan. 26, and declared it differed from the programme framed by Premiers Lloyd George and Clemenceau with the assistance of an American representative, last October.

Hamilton Notified of An Embargo on Coal

The combination of the present coal snap and the coal situation has placed Canadian dependents on the shores of the St. Lawrence in an enviable position. Just how serious the situation is can be determined by the fact that coal supplies at the present moment, to which is added the unpleasant information that an embargo has been placed on all coal from Pennsylvania to the Canadian shore.

SEE PRESIDENT AS NEARLY AN ABSOLUTE SOVEREIGN

British Press Worries Over Future World Politics of U. S.

(A. P. Special Cable.) London, Feb. 16.—The resignation of Secretary of State Lansing is given great prominence in the London morning papers, and in view of the circumstances is treated as a first-class sensation. Most of the paper editorially express the fear that the incident will have an adverse effect on the progress of American influence in world affairs.

The Daily Telegraph, describing it as "an amazing and profound surprise," says: "The affair reveals to the world, clearer than any event in recent times, how nearly the position of the President approaches absolute personal sovereignty. The ordinary British eye often holds that this is so, but the attitude adopted, and the language used in these letters will be something of a revelation to the British public."

The Daily News regards the affair as a rather manufactured quarrel resulting from the clash of two distinct and irreconcilable facts.

"The upshot is disastrous enough," it says. "The tragic figure of the President fighting alone the battle against those who seem to be his own countrymen, may seem to typify the wreck of the world's hope in America."

PRaises CANADA'S STAND ON THE LENROOT RESERVATION

Another New York Paper Backs Up Rowell's Declaration.

(Canadian Press Wire.) New York, Feb. 16.—The definite statement by Hon. N. W. Rowell, that Canada will not consent to any impairment of her status in the League of Nations such as would be effected by the Lenroot reservation, has been met by the U. S. Senate, has intensified interest in Canada's position in connection with the treaty fight now being waged in Washington.

"Most unqualifiedly," says the paper, "our opinion is that Mr. Rowell's declaration has strengthened the hands of the pro-League opposition to the Lenroot reservation. Canada is right," said editorially on Saturday.

DRUG VICTIM

Geo. Casey Alleged to Have Had Complete Outfit in Possession.

Frank Summers, who was remanded Friday on a charge of illegally having liquor in his possession, was allowed to go free. Constable Ellis stated that on February 12 he was on duty at 175 Cannon street east, where a man had broken through the house through a cellar window. When the constable got into the house, he found Summers behind a door, and a small amount of whiskey, which he was drinking. The constable took the man to the police station, and the latter had a complete outfit in his possession. The man was remanded, and the case was continued for next week.

Salmon from British Columbia Fisheries

Unloading Salmon from Skow, Westminister, British Columbia.

There are salmon and salmon, but the finest specimens of this sporting fish come from the waters of British Columbia. There is a variety of salmon on the Atlantic coast which is highly prized as a delicacy, but the supply is very limited; the catch on the Pacific coast is about thirty times as large and also very fine in size and quality.

Salmon canning is one of the principal industries of British Columbia and the Fraser River catch is now almost looked upon with envy owing to the tremendous decrease of the salmon catch in the State of Washington, where the famous variety called "sockers" once abounded in Puget Sound in such enormous quantities.

There are five varieties—Sockeye, averaging 6 pounds, maturing in the fourth year; Quinnet, 18 to 20 pounds, maturing between the fourth and sixth year; Silver, 3 to 6 pounds, maturing at three years; Pink, 3 to 6 pounds, mature at two years; and Chum, 10 to 15 pounds, mature at three to six years.

All these fish return once on maturity to spawn in the stream where they were hatched, and both sexes die after spawning. The main fisheries are the Fraser River, Skeena River, Nass River, River later and around Vancouver Island. The fish are caught in gill nets and seines and by trawling.

The season for salmon fishing is short, being about 45 days in the Fraser River section and about 25 days, including Sundays, for the Puget Sound and Fraser River fisheries, but the Dominion Government is again taking the matter up, proposing a joint protection for fifteen years.

HIS WILLING SACRIFICE

Bartley Bratstone stood in the corridor biting his lip, and looking after the prisoner in a dull, vacant fashion, and had quite forgotten Mr. McAnderson until that gentleman's voice sounded at his elbow.

"Carrying it with a high hand, isn't he, Mr. Bradstone?"

Bartley Bradstone started.

"I desire to urge upon you the necessity for expediting action in the matter. Promises of future relief will not satisfy under-fed stomachs; neither will they protect the dependents of the railway workers for whom I speak. Our members must have relief."

"Not unmindful of the suffering to which the innocent public would be

Seats For The Tiger-Dental Game Will Go on Sale To-Morrow

Eight Thousand People Claiming Two Thousand Seats—Bengal's Working Hard For Important Game

Hamilton is hockey mad this week. The important fixture scheduled for Friday night's seat between Dental and Bengal is the chief topic of conversation, and judging from the chatter considerable "Oval" will change hands on the outcome. A champion-ship is at stake, Bengal are playing before a home crowd and Dental supporters are finding it a hard problem trying to convince local fans that the tooth carpenter is the best team in the long end of the score Friday night. While Tiger officials are looking after the team in the best way possible their chief worry right now is just how they are going to handle the large amount of people who want to see the game. It is estimated that a thousand can be accommodated at the Hamilton street rink, but there are fully four times this number of people who want to see the game. Bengal's manager, "Al" Brown, is at the head of the parade. "If we could stage this game in Woodland Park on Friday night, we would be able to get them all in," said Brown. "Right on top of the big dentures here for seats. The winner takes the Dental camp, but they are given four hundred seats, but they will only get one quarter of a number and can consider themselves lucky if this number is not cut in two before Friday night."

Despite their strenuous game with Vanity on Friday night every member of the Tiger team turned out on Saturday night and practiced for a regular hour under the watchful eye of Coach Chalmers. "Scotty" Reid, who was slightly under the weather on Friday night, is feeling himself again and went at top speed for the full hour on Saturday.

Dental showed fine team play against Aura Lee on Friday night last and Toronto critics are inclined to believe that they have found a real team in Hamilton. If they use the same style of play, Dental have improved their last year's team. Bengal, who played with Tigers, are one critic, at the same time forgetting that Tigers are the "improved" team. Bengal showed the same brand of hockey on Friday night as they showed on Saturday night, and they are sure to find it rough heading in their efforts to grab good scores.

Tiger officials thought so well of Allan Kirkland that they are making a special effort to have him hand Friday night's game.

Liatow, Feb. 14.—Plans for the play-off for the Northern Ontario Hockey League are being disrupted to-day when it was learned that the health officer of Mount Forest had closed all buildings for public gatherings as a precautionary measure against the "flu" epidemic.

Beavers Meet Linkert Team in First Game

Four Hockey Games at Arena To-Night

Beavers and Linkert cross sticks in the first game to-night at the City Hockey League at the Barton street rink. Linkert has been coming strong during the last three games, and they expect to slip over the Beavers. The Beavers were weakened in their last game by the loss of their best player, but they promise to have a stronger team on the ice to-morrow. "Moose" Morris, who is making a name for himself, is expected to play. The Linkerts, has taught his boys to play a strong combination game, and they have won for them on apparently stronger teams.

T. Eaton will go on the ice with the Beavers for the second time. Armours appear to be the stronger crowd, and have been called the "Beavers" by the league. They have two brilliant players in Groh and Hagaman, and they have about a half dozen to warm their ways through opposing teams on numerous occasions.

The third game takes together St. Paul and Sawyer-Hamilton.

St. Paul is expected to be very evenly matched, and a good game should result. Sawyer-Hamilton players are a nifty aggregation. Several of them are "hot" but are expected to be back in harness for the game to-night.

Junior game will be called at 8:30, while the first city league game will go off one hour later.

BUSINESS, COMMERCE AND FINANCIAL SECTION

OPTIONS FAVOR THE BULL SIDE

Improvement in the Stock Market.
Outlook Better Than During Past Week's.

(Supplied by J. G. Beatty & Co., 17 Main Street, Hamilton, New York Stock Exchange.)
New York, Feb. 15.—We believe that the market should be somewhat better than it is at the moment, and that the bull side is the side to take. It is not to be inferred that the market will move about without setbacks.
Every turn has disturbing effects on the market. The steady trend of the market will offer an opportunity to point out that was probable when the collapse of the prices was in full swing. The consensus of opinion will be that the outlook is far from being as bleak as was imagined last week by frightened holders of securities. Work and developments at Washington may cause some uneasiness, but advances should be taken of any weak spots to pick up sound issues rather than to sell stocks and to take a pessimistic view. Whether the bull bill is in the market by March 1st or two weeks later, it will make no real difference. The most important point is generally accepted; no legislation is at hand.

SUMMARY.
It is claimed that stock market shows only moderate amount of shorts have been covered, and returns of borrowed stocks is not in any way more heavy outstanding short account.

Tiered buyers of stock in past few days and to have represented strong financial interests desiring to accumulate gains at bargain.

Railroad stocks are looked upon with greater favor and the buying of this type is said to have been better than for some time past.
Edwin Spinks as having been particularly sought by strong financial interests recently.

Oil stocks in greater favor and prediction of higher quotations are made by careful students of securities.

Turkey and strikes against Brotherhood representatives acquiescing to President Wilson's plan.

Crucible Steel directors' proposal to increase outstanding capital stock 20 per cent. is now assured as sufficient funds are said to have been received to carry the plan.

Expected new railroad bill will be reported to the house at Washington in a day or so.

Jennings Has Many Pitches to Pick From

Fifteen Going South, Also Jack Glasier

Detroit, Feb. 15.—According to the list of names handed out by Frank Nix, the Detroit Tigers, when they start for the southern training trip the latter part of this month, will have an imposing collection of players, and if Manager Jennings "just" will only lay off him for a while, he says he expects to have a regular team this year.

In the pitching department the club will have fifteen to choose from: nine of them are five, twelve are six, and outfielders five—not a bad looking player in the lot. Five of the pitchers who finished the schedule last year will be back this season to give the eight regular starters a battle for regular berths. They are all size, long and short, fat and lean, right-handers and otherwise, and it is going to cost Nix a lot of cash to ship them down to Georgia and back again. Here is the list:

Pitchers—Ayers, Allen, Bohnd, Cox, Danks, Ehlers, Glasier, Johnson, Lattimore, Leonard, Love, Orlie, Odham, Tolson and Cummings.
Catchers—Almshim, Stange, Yette, Harrison and Woodall.
Infielders—Heilmann, Ellman, Bush, Young, Signin, Jones, Veyr, Pheasant and Hale.
Outfielders—Cobb, Veach, Flanagan and Shorten.

Chicago, Feb. 15.—Scott Perry, pitcher formerly with the Philadelphia Athletics, was reinstated by the National Commission. Perry, who left the team last season in disgrace, was reinstated by the National Commission, after being suspended by Connie Mack. In reinstating him the commission assessed him with a fine of \$100, but warned Perry against breaking his contract.

CHRISTIAN SCIENTIST CASE

Boston, Feb. 15.—A motion to re-investigation involving the matter in the Christian Science Church was filed with the Superior Court yesterday. Counsel for the directors of the church, Charles of Christ, Scientist, Frederick Dodge, the master, to compel the church to take action to the legality of the removal as a director of the church, and to compel the church to take action to the legality of the removal as a director of the church, and to compel the church to take action to the legality of the removal as a director of the church.
